## DESCRIPTION

This sleek, modern wall sconce features dual-directional lighting—illuminating both upward and downward—for a balanced, ambient glow. With CCT selectable functionality, it allows users to choose the right color temperature to suit the mood and setting.

Crafted for versatility, this fixture is suitable for both interior and exterior applications. It comes in white and black as standard finishes, with custom colors available upon request to match any design palette. The minimalist, curved design adds a touch of contemporary elegance to any wall it graces.
