DESCRIPTION

ISL04 is a trim less, IP44 rated, mud-in wall and step light designed for a clean, minimal look in stairways and corridor applications. Its separate light source and fixture housing allow for easy maintenance, while providing soft, functional illumination for safety and ambiance.

Operating on 24V DC with a remote driver, ISL04 is an ideal low-voltage solution for modern residential or commercial interiors where seamless design and reliable performance are key.
