## DESCRIPTION

SL05 offers the same clean, trim less design and low-voltage performance as ISL01, but is specially designed for millwork and masonry applications. Perfect for built-in installation in wood, tile, concrete, or stone finishes, it provides subtle, functional illumination while blending seamlessly into architectural surfaces.

With a 24V DC input and remote driver, and featuring a separate light source from the housing for easy maintenance, ISL05 is a smart and stylish lighting solution for steps, corridors, and accent walls.
