## DESCRIPTION

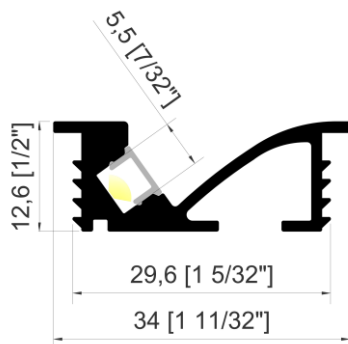

LP3412 is an ideal aluminum LED profile for indirect illumination inside closet walls, delivering a clean, glare-free glow without exposing the light source. It can be installed in both horizontal and vertical configurations to highlight shelving, improve visibility, and create a refined architectural accent. Suitable for closets and similar millwork applications where soft, uniform light is desired.

Available in 10' lengths, a variety of colors, and diffuser options, it's the ideal solution for bold, creative, and clean lighting integration.
